FREE WI-FI

This September, Southern Grampians Shire Council, in partnership with the Federal Government and the Smart Cities and Suburbs grant, launched FREE public WiFi across nine of its townships.

Residents and visitors in each of our townships can now access free public WiFi by looking for the 'connectGH-Free' wireless network on their device. We have installed stickers promoting connectGH advising where you can connect, noting distance and strength of the WiFi signal from this point will vary.

More information regarding the free WiFi network, including the exact location of the hotspots in each township, can be found on the website www.connectgh.com.au
