

COUNCIL NOTICEBOARD

HRLX UNDERPASS WORKS

Council advises works have commenced on the new Hamilton Regional Livestock Exchange (HRLX) stock underpass. The Underpass will be installed under Portland Road to enable safe transfer of livestock to overflow paddocks located on the west side into HRLX.

Works for the project will include the installation of a large scale culvert which will form the main structure, tree removal, road reinstatement, drainage, a water tank, fencing and the installation of solar lighting.

A section of Portland Road (Henty Highway) will be closed from **Monday 6 June 2022** for approximately five days, weather permitting, to allow for the completion of culvert works.

Temporary traffic arrangements including detour signage will be place to divert traffic around the site via South Boundary and Hamilton-Port Fairy Road. This re-route will include Heavy Vehicles detoured from works currently being undertaken along Cox Street. Local businesses will retain managed access while the closure is in place.

If you have any questions regarding these works, call Council's Customer Service Team on **5573 0444**.
