#### **ACTION PROGRESS COMMENTS:**

Online meeting numbers have continued to rise steadily. Technology has been improved and currently investigating better options for improved video. Currently using Zoom technology due to the COVID restrictions. Draft template for e-newsletter has been developed and will be taken to ELT in next month for feedback before community roll our in new year. Planning to launch new 'News' page on external website which will allow an up to date method of disseminating news via a e-platform. Template is complete and will be launched shortly.

# ACTION PROGRESS COMMENTS:

\* A quotation for a 3rd party engineer to prepare a Dam Safety Emergency Plan (DSEP) has been received and is now under review. This will be included in a larger scope that includes the preparation of Dam Break Analysis, Operations and Maintenance Manual, and Risk Analysis (inclusive of Concept Designs for remedial works options).

\* Contract is under negotiation for preparation of the DSEP.

\* Testing is being under taken by Golders to inform the safety plan. Safety plan to be deferred until the Golder report is in.

\* Contract negotiations are still ongoing due to the position taken by Golders around Insurance. SGSC is considering the cost of taking out separate project insurance.

01/07/2020 - Insurances remains an issue. A way forward is now to accept Golders position and have a 3rd Party Engineer check the output. Next step is to finalize the Golders contract. 02/02/2021 - Unable to resolve insurance and indemnity issue. Project will now be tendered with specific conditions around insurance & indemnity cover.

#### **ACTION PROGRESS COMMENTS:**

KJA was appointed in mid 2019 to run CVF 2041. Discussion paper (phase 1) was completed in March 2020 with workshop with Councillors held in April 2020. During phase 2 the effectiveness of community plans will be examined in light of the multiple methods Council works with all stakeholders to deliver services and infrastructure in local communities.

A series of listening post engagement sessions have been arranged for October.

#### **ACTION PROGRESS COMMENTS:**

All seven critical issues, to ensure PAC is at industry standard, are currently in progress or complete.

Remaining actions scheduled for completion via major capital works program (PAC roof) managed by the Assets team.

Roof works scheduled for February with 12 weeks build time. Project completion in June 2021 with PAC to open to public in July 2021

There has been a procedure change for asset management, together with test and tag register.

Nine actions are still required to maintain operations at current level, with 20 Actions still required to operate at industry standard level.

Rectifying these is dependent on funding, outside of annual budget. Work plan, including an ongoing replacement plan, has been developed to complete these actions within budget.

#### **ACTION PROGRESS COMMENTS:**

Since last reporting period.

Pedrina Park Pavilion Design - Application for grant funding has been successful, \$500,00 was received under the Female Friendly CSI fund. Council has allocated \$820,000 at it's 9 September meeting. A Project Reference Group with key user groups has formed to review the tender specifications. The Tender process has commenced for this project and will come back to Council to award the tender at it's December Meeting.

Netball Courts - budget submission was made to the 20/21 budget based on the design and costing received from 2MH, submission was not successful. The funding application has been made under the Community Infrastructure Grant Stimulus fund - was not successful the project has been put forward for consideration to the Minister through RDV. A detail design and costing process will occur this financial year to better position the project for future funding either Council budget or State funding application.

Soccer Drainage and Carpark Design Costing - Final design based on the feature survey has been received and final costings have been received which will allow for a business case for funding to be provided.

- Only projects not designed and still outstanding are:

- 1. Pavilion 2
- 2. Cricket Nets .

#### **ACTION PROGRESS COMMENTS:**

A final design has been completed, which will allow for the development of tender specification for detailed design and construction.

A business case to fund this project needs to be undertaken to progress this further, this project will not proceed until funding is allocated for this project either Council Budget process or grant funding application.

Possible funding for part of this project has been identified through the LRCIP round 2. However, this requires the design and costing of the net ball courts to be completed. Last Updated: 02-Feb-2021

#### **ACTION PROGRESS COMMENTS:**

Planning is underway for a grants based program which allows an extension of the ideas gathered through Crazy Ideas College in recent years. This will be launched later this year and rolled out in early 2019. Council will be briefed in one of the strategic discussion days around the future of youth operations.

This strategic discussion is planned for pre end of Financial Year 2018-19 and will form basis of direction for youth ideas workshop or alternative suggestions.

This strategic discussion is now locked into the September Council briefing session where the best approach for this area of interest will be discussed.

Strategic discussion happening with Council this week.

Strategic discussion has occurred with Council and we will not take a comprehensive report to a later meeting outlining current and future activities in the Youth Space. A comprehensive report has been designed for Council and will be presented later this year with recommendations in the youth space including a change in direction to support the Youth Live 4 Life Program. Report is to be taken to ELT and scheduled into a Council briefing following this completion. Awaiting the new Council to deliver report and have asked Youth Live4Life to present in new year around evaluation of project.

This report has been added to agenda for early 2021. Will deliver and update as required.

#### **ACTION PROGRESS COMMENTS:**

This item is ongoing and has been made difficult by the departure of key staff in SGSC. This work will begin again in early 2019 and discussions have started with key organizations to ensure a process that is inclusive of all.

This is an item that is highlighted in the Communications and Engagement Strategy which Council have been briefed on and discussions will begin shortly. Some key members from our indigenous support networks have also moved on which has made progress difficult.

Is an item to be considered in more detail in the second half of this year. Still being made difficult by the movement of key personnel.

Working with the Indigenous Co-Ops to look at the development of a Reconciliation Action Plan, First step of this process is to create networks and engage (eg. this working party).

Workshop for creation of Reconciliation Action Plan occurring in first quarter of 2020. The Reconciliation Action Plan creation will cover many of the facets required in this objective. This has however been delayed due to the cancellation of all engagement and consultation processes being undertaken by Council. COVID delays are impacting on our ability to engage however the skeleton plan is still in creation.

Still awaiting opportunity to engage with Community and delayed due to CVID restrictions. Still waiting on appropriate time for first workshop to happen. Again has been affected by COVID restrictions.

#### ACTION PROGRESS COMMENTS:

Inspired by Locals is a campaign designed to return visitation to the Greater Hamilton Region following the COVID -19 restrictions being eased. The campaign was launched in September 2020 focusing on using our people to tell our story to our communities friends and relatives. The campaign was launched via social media and will follow up with targeted marketing to SA and Melbourne once restrictions ease further.

A business recovery and relief strategy is currently being finalised however several initiatives stood up through the pandemic are available on the www.businessgreaterhamilton.com.au website.

Our "Proudly Local", Click for Christmas and Ignite the Spirit of Christmas Campaigns were developed and executed in December. "Who You Support Matters" - open for business stickers where distributed throughout the region to businesses demonstrating the move away from the "Business as Unusual" element of the COVID pandemic.

## ACTION PROGRESS COMMENTS:

Through a collaborative approach through Grampians Tourism and the4 neighboring Council of Ararat, Horsham, Northern Grampians and Southern Grampians, funding has been received from RDV to conduct a population attraction program.

Peppers, a Ballarat Consultancy have been appointed to run the project. Research has now been completed and a draft report was prepared with recommendations to marketing and communications of a campaign to attract people to live and work in our region.

COVID-19 delayed this project by several months however this campaign is expected to be in market by end2020.

Live the Grampians Way was launched early December and we will continue to monitor the interest and respond to the enquiry through the enquiry matrix.

\* Quotes obtained to implement data collection for Network Operating Plan but is over budget. Looking at putting together a contract to undertake works.

\* Quotes were in excess of budget looking other ways to capture data

\* Had meeting in late December with DoT and discussed potential funding and scope document for the NOP.

- \* Have been having discussions with ARRB about how they might be able to assist with the NoP through data they already hold.
- \* Specification written for a NoP in conjunction with the DoT. Grant Application going in to secure additional funds to undertake the work.
- \* Application submitted and awaiting funding outcome.
- \* Once funding outcome has been determined data capture can happen.
- \* Funding received. Acting Director working on plan to implement.

## ACTION PROGRESS COMMENTS:

We continue to advocate for the Hamilton Railway Station and the opportunities this presents to logistic companies and regional enterprises. Recent feedback has indicated the desire for A-Double truck access to the intermodal facility. Splitting of A-Double trucks at another location on the Henty Hwy has been explored, however it was considered cost prohibitive by the logistics provider. The desire for companies to use large trucks is problematic in the current location and reinforces the need for an independent facility located on the Henty Hwy.

We continue to be in contact with the Department of Transport and potential providers. This action is ongoing.

Contractor appointed for first phase of community infrastructure framework in Nov2019. First phase involves internal workshops with asset managers and service providers (completed), followed by a discussion paper on key principles and a work programme for remainder of project. Discussion paper was completed in March2020 with other phases to be delivered subject to tender process.

A workshop was held with key internal staff on 18 March 2020. A briefing was held with ELT in April 2020 and Council briefing in May 2020.

A contract was awarded after tendering to Sociologic in September 2020. Currently in data collection phase with update to Councillors in mid 2021.

#### **ACTION PROGRESS COMMENTS:**

Service reviews are scheduled and to date Council has been briefed on a number of services including Material Child Health, the Performing Arts Centre and School Crossing Supervisors (as part of Local Laws). Other reviews are progressing and will be presented to Council when any key decision making points are identified. As this process evolves ELT has identified that a different levels of detail and analysis maybe required to get the best results form the reviews. As such the Service Review framework is being assessed and broadened to look more at Service Planning and how best to resource the process.

This process is an on going one. The Directors are currently reviewing the approach in relation to new information about asset management and strategic trends.

A revised project plan to focus on key business units and activities is being formulated by the Directors. This will then be workshopped with the Senior Leadership team.

Discussed Service Reviews at Councilor Planning day, highlighting the process and links to Council Plan and other strategies. Will require guidance from Council on future service reviews they would like to see.
