Executive Summary

The Draft Budget for 2017/18 and Strategic Resource Plan 2017/18 to 2021/22 have generally been prepared in the form of the model budget template recommended as the best practice for reporting local government budgets in Victoria. The reports contain the statutory information required under the Local Government Act 1989 and the associated Regulations. The draft Annual Budget has been developed within the overall planning framework, which guides the Council in identifying community needs and aspirations over the medium to long term (Council Plan) and short term (Annual Budget) objectives, strategies, initiatives, activities and resource requirements.

Discussion

The Draft Budget for 2017/18 has been prepared under the provisions of the Local Government Act 1989 and in accordance with the associated Regulations and the relevant International and Australian Accounting Standards. The budget document contains:

- Overview and Budget Highlights
- Analysis of operating and capital budgets, cash position, budget financial position and rating strategy
- Standard Income Statement, Balance Sheet, Cash Flow Statement, Capital Works Statement and a Summary of Rates and Charges

The Draft 2017/18 Budget presented in the report has been developed through a process of consultation and review with Council and Council officers.

The Draft 2017/18 Operating Budget forecasts an operating surplus of \$22.214 million and Council anticipates to hold \$11.339 million cash at 30 June 2018.

The Draft Budget provides for capital expenditure in 2017/18 of \$42.394 million which includes flood restoration works of \$20.547 million.

The Draft Budget proposes an increase in the general rate of 2.01% for the year. The rate cap has been set at 2% by the Minister for Local Government with the remaining 0.01% being the net impact of supplementary valuations.

The municipal charge will increase from \$189 to \$192.

General rates and municipal charges are levied in accordance with Council's Rating Strategy Policy.

The service charge will increase from \$230 to \$257 for all improved residential properties in the Hamilton, Balmoral, Byaduk, Byaduk North, Cavendish, Coleraine, Dunkeld, Glenthompson and Penshurst urban areas for the collection and disposal of refuse.

The previously elective refuse collection and disposal service in the areas immediately north and east of Hamilton as defined within the “refuse collection area” and for residential properties within Tarrington and its immediate surrounds as defined within the “refuse collection area” will become compulsory. The service charge for these areas will be \$427 where the service has not previously been provided. Where the service was previously provided, the charge will be \$257.

A refuse collection and disposal service for Branxholme as defined within the “refuse collection area” will become compulsory. The service charge for this areas will be \$427 where the service has not previously been provided.

An elective organic waste collection and disposal service is available for improved residential properties in the Hamilton urban area. The service charge for this service will increase from \$83 to \$93.

The garbage collection and disposal service will again only be provided to commercial and industrial properties within the Shire on request.

It is proposed to borrow \$2 million in funds in 2017/18 to undertake capital works.

It is proposed to continue to offer as an incentive for prompt payment, a discount of two per cent in accordance with Section 168 of the Local Government Act 1989 where all four instalments of rates and charges declared for the current year (less the discount) are paid on or before 30 September, excluding any arrears of rates and charges outstanding from previous years.

Financial and Resource Implications

Council is required to implement the principles of sound financial management detailed in Section 136 of the Local Government Act 1989.

Legislation, Council Plan and Policy Impacts

The 2017/18 Annual Budget includes the key activities and initiatives to be funded that will contribute to achieving the strategic objectives specified in the Council Plan 2017-2021. The Strategic Resource Plan looks at financial assumptions over the medium to longer term required to implement the Council Plan.

The Council Plan establishes that we will:

- Support our Community
- Develop our Regional Economy and Businesses
- Plan for our Built Environment
- Promote our Natural Environment, and
- Provide Governance and Leadership

Risk Management

In developing the Draft Budget and Draft Strategic Resource Plan, Council considers relevant financial risks to ensure it can achieve its Council Plan objectives within a longer term prudent financial framework.

Environmental and Sustainability Considerations

The Annual Budget provides the funding for the Council to undertake its social, economic and environmental initiatives outlined in the Council Plan 2017-2021.

Community Consultation and Communication

The Draft Budget 2017/18 was advertised for public inspection and comment on 27 May 2017 in the Hamilton Spectator Newspaper. The Draft Budget was available for public inspection at Councils Customer Service Centre, 111 Brown Street Hamilton and at licensed Post Offices (excluding Hamilton) within the Shire and Council's website www.sthgrampians.vic.gov.au. Copies were also distributed to the local Development Associations. Submissions closed on 26 June 2017 and were heard at a Special Council Meeting on 3 July 2017.
