Submission of plans to comply with permit conditions

You must give full details of how the requirements of the Planning Permit conditions have been complied with and clearly highlight the changes on the submitted plans. If you do not give enough detail about how the Planning Permit conditions have been addressed, you will be asked to provide more information. **This will delay the process.**

Please note: Any amendments included on the plans other than those required by (or as direct consequence of) the Planning Permit conditions will not be approved. A separate application to amend the plans will need to be made.
