

2017/18 BUDGET INFORMATION SESSIONS

Southern Grampians Shire Council delivers over 70 services including waste collection services, services for families, people with a disability and older residents. Council also provides economic development support for local businesses, maintains parks, gardens and open spaces, infrastructure across our townships and numerous facilities to provide recreation and leisure opportunities across the Shire.

Each year Council prepares a budget to guide the provision of services and assets across Southern Grampians Shire.
