10. Decision Making Powers

Council is a statutory entity and is able to do only those things which it is authorised by statute to do. It can act in only one of two ways: by resolution, or through others acting on its behalf.

By Resolution

Council exercises its decision-making powers at Council meetings.

These meetings are generally held on the second Wednesday of each month in the Council Chambers at Market Place, Hamilton and start at 5.30 pm. All meetings are open to the public; however, consideration of some items may take place confidentially in accordance with sections 66 of the *Local Government Act 2020*.

The dates of all meetings are published on the Council website. Agendas for all meetings are made available on the Council's website and in hard copy upon request, generally the Thursday prior to the meeting, and minutes in the same format are available to the public within one week after the meeting.

Council's Governance Rules document the manner of voting and making of resolutions of Council.

Through others acting on its behalf

The *Local Government Act 2020* makes express provision for the appointment of delegates to act on behalf of Councils.

Most Council decision-making power is allocated by formal delegations. These Instruments of Delegation are available for public inspection. The decision of a delegate of Council is deemed to be a decision by Council.

11. Consultative Arrangements and Representation

Council is required to consult with other persons and bodies in relation to its activities and the impact on internal and external stakeholders. This is done in a number of ways including:

- Community sessions at all towns with issues discussed being both those determined by the local community and information on significant activities of Council.
- Community Satisfaction Surveys conducted for almost all Victorian Councils. Over 400 residents are asked for their views on a range of topics relating to Council services and functions.
- Ongoing feedback and discussion with service recipients / users. Many of Council's services and functions involve direct service provision allowing constant opportunity for staff to gauge how well services are meeting recipient's needs and the satisfaction level of those service recipients.
- Regular meetings with user groups of facilities. Meeting regularly occur with users of specific facilities, not only on the use of a particular facility, but also in order to gain a more general view of planning for future priorities. The discussions at such meetings often assist in the preparation of various development plans and strategies.
- Meetings with various industry and business groups regularly occur on a range of general and specific matters, ranging from specific operational activities to very broad development proposals or opportunities.
- Public meetings on specific proposals or strategies are held on the need arises, providing opportunities to explain proposals and gain feedback on their final development.

- Providing copies of all documents for which community comment is sought, and information on how to provide that comment, on Council's website and at Council's offices.
- Involving members of the public in Council Meetings through deputations, petitions and questions on notice.
- Adherence with Council's Community Engagement Policy.

Each year Council appoints its representatives/delegates to a range of organisations, groups and committees, which provides a two-way information stream and assists in the formulation of policy and the administration of the Council.

Legacy files from the former Councils pre 1995 are hard copy only, and stored at the Monivae Street archive facility.

In addition to the centralised records, many Departments also maintain their own hard copy and electronic records.

18. FOI Access Arrangements

Requests for access to all Council's documents are coordinated by the Council's Freedom of Information Officer.

Requests for access to records of other agencies, held in the custody of Council, should be sent directly to those agencies. Where such requests are received directly by Council, the requests will normally be transferred to the agency concerned in accordance with section 8 of the Act.

Freedom of Information requests must be made in writing (e.g. application form from Council website, letter or email) and accompanied by the prescribed application fee which is currently \$30.60. The fee is increased annually in accordance with the *Monetary Units Act 2004* and applicants should check the web site or contact Council offices at the time of making their application to find out the current fee.

Not all documents are available for request under the Act, there are a number of situations in which a Council may refuse access e.g. documents which affect the protection of public interest, private and business affairs, undermine law enforcement or contain certain confidential information.

These may include but are not limited to:

- Internal working documents
- Law enforcement documents
- Documents attracting legal professional privilege, such as legal advice
- Documents affecting personal privacy
- Material obtained in confidence (but not business, commercial or financial information)
- Documents relating to trade secrets (both of Council and external entities)

The application fee may be waived or reduced if payment of the fee would cause hardship to the applicant. If applicants consider they are entitled to have the application fee waived, they

should submit a request with supporting documentation (such as a pension or health care card).

Requests may be lodged the following ways:

By post addressed to the FOI Officer, Southern Grampians Shire Council, Locked Bag 685, Hamilton 3300; or

By email to foi@sthgrampians.vic.gov.au

An application form is available on Council's website www.sthgrampians.vic.gov.au

The Freedom of Information Officer will respond to your request as quickly as possible. (The Act requires that a decision be made within 30 days of Council receiving a request or extended to 45 days if third party consultation is required.)

Where the Freedom of Information Officer decides to refuse, partially grant or defer access, the applicant will be notified in writing of the reason for refusal, partial access or deferral.

FOI requests must contain sufficient detail concerning the document to enable the agency to identify it.

Information about the subject and the approximate date of the document(s) sought should be indicated as precisely as possible.

Where a request fails to provide the necessary information to sufficiently identify the document(s) requested, the FOI Officer will assist you in making a request which will aid in identifying the documents sought.

22. Access Charges

Separate from the initial application fee of \$30.60, applicants will be supplied, as soon as possible, with a statement of further charges if appropriate.

Charges will be in accordance with the *Freedom of Information (Access Charges) Regulations 2004* which are currently set at:

- \$22.90 per hour – search and retrieval
- \$5.70 per ¼ hour – supervision while inspecting documents
